MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Authorized Training Holidays – Fiscal Year 2007

1. Enclosed is the list of the authorized Fiscal Year 2007 training holidays for the US Army Medical Department Center and School and Fort Sam Houston activities. This long-range approach is designed to maximize a Soldier's time off with family while minimizing disruption to academic schedules and installation-wide services. While I realize essential services such as law enforcement and emergency health care operations will not be able to fully participate in each holiday period, I expect leaders to adjust work schedules to provide equal compensatory time.
2. Military personnel are authorized a pass on these declared periods. Liberal leave will be in effect for civilian personnel. Colonel-level commanders and directors will be the approval authority to close down an activity on established training holidays.
3. All other tenant units residing on or supported by Fort Sam Houston are encouraged to consider these dates when planning training holidays within their respective organizations.
4. I appreciate everyone's planning efforts to ensure both maximum training time and delivery of customer service support while ensuring we continue to contribute to the high quality of life enjoyed by those who live and work on Fort Sam Houston.

Enclosure  
as

  
RUSSELL J. CZERW  
Major General, DC  
Commanding

DISTRIBUTION: A
